

Lab Notebook: Entry Task 9/17/14

1. Locate the “Tools Scientists Use” list in your notebook from yesterday. Add all tools listed on the 5 whiteboards.
2. Working in groups of 4, identify and agree on a strategy to place the tools into categories.
3. Tape together 4 sheets of printer paper into a large poster.
4. On the poster, clearly label the categories and place the tools into the categories you create. **Use lots of color** and **write big!**
